LIFE BIG MOMENTS

WHY SETTLE FOR ORDINARY
WHEN YOU CAN EMBRACE EXTRAORDINARY?

Every woman deserves to be celebrated in her most radiant moments, whether it's a milestone event or a commercial endeavor. Step into the spotlight and embrace the beauty of your journey with my exquisite artistic editorial photography services.

My artistic approach transcends traditional photography, infusing each frame with creativity, elegance, and magic.

From enchanting maternity portraits to empowering business headshots, I specialise in crafting visually stunning narratives that reflect the essence of womanhood.

I believe in the power of imagery to encapsulate your unique story, leaving a lasting impression for generations to come.

This includes lighting and light retouching. Hair and makeup is highly recommended to ensure best results.

Additional fees may apply should you require fresh food, fresh or dried flowers, additional props and or location fees and travel outside 30km of Melbourne CBD.

ADDITIONAL OPTIONS

ON LOCATION & OUTDOOR SHOOTS

I am traveling to locations around Melbourne either to photograph you at your desired location or at your workplace. I have portable lighting and changing tent for your convenience and full editorial experience even outdoors.

Outdoor shoot rely on natural light and weather. We aim to shoot closer to sunset to catch that golden light. In case of implement weather we can reschedule the shoot to nearest available date. Note that results will depend on the weather conditions - windy, cloudy, or sunny days may effect the mood of your shoot.

For some locations travel and permit fees apply.

IN STUDIO SHOOTS

If you are looking for hussle free shoot in warm and controlled environment, than studio location if for you. For simple and elegant shoots for up to 3 persons I offer my studio space at my home in Point Cook. For your convenience I can also organise studio hire at location closer to you (additional studio booking fee applies).

If you are looking for something extravagant, I can organise premium location with decor hire. Additional location hire fees apply.

HAIR AND MAKEUP

Wether you wear makeup daily or not, even "No makeup" makeup is highly recommended. Makeup helps to enhance your features - your eyes will be brighter, with perfect face tone the contrast of your face will increase, your lips will pop. I work with few makeup artists who will make sure your look is flawless to help you feel and look your best.

If you are hiring makeup artist on your own remember to let me know so I can brief them on makeup for photography, which is different to event makeup.

HOW IT WORKS

PRIOR THE SHOOT

Upon your enquiry, we will have a free consultation via video call to connect and discuss how you would like to be photographed. We lock the date and start working on idea.

You will receive my invoice and photography contract via email after the call. 50% payment and signed contract will confirm your booking. This payment is non-refundable.

STYLING CONSULTATION

I You will have access to my wardrobe and I will also coach you on what to wear and bring to your shoot so you don't have to stress about looking your best. I will ask few questions to understand your vision. I might also prepare a mood board for you to review to make sure your dream shoot is designed the way you want it.

PHOTOSHOOT

Arrive 15 mins prior your shooting time. Don't worry if you don't know how to pose, I will direct you so you look relaxed, beautiful, and confident. My superpower is turning women into goddesses through expert direction, lighting, styling, and posing.

I will create some "behind the scenes" content for you to share on social media.

VIEWING AND ORDERING

About 10-14 days after your shoot we will have a call in zoom to see all your most beautiful portraits, selected and carefully retouched. This is your chance to handpick your favorites and order any wall art or print products. My job is to take the most amazing portraits you have ever seen of yourself, so you want to have them all. Then you will receive you high resolution images via downloadable link/or usb.
